Sunilawn. Although Sunilawn has a rougher texture than the higher-priced mixtures, we consider it very practical. It grows well under rough soil conditions and contains white clover, which we highly recommend. Lb. \$1.00, 5 lbs. \$4.85, 25 lbs. \$23.00, 100 lbs. \$90.00.

Grass Mixtures for Shady Places

Turf-Maker

Turf-Maker Lawn Food. F. H. Woodruff & Sons have found that an analysis of 10-6-4 feeds grass properly throughout the growing season. Nitrogen, the fertilizer element that induces luscious green leaf growth, predominates in this fertilizer. One pound of Turf-Maker Lawn Food is required for each 100 sq. ft. of lawn area, or 500 lbs. per acre. A fertilizer distributor will do an even, economical job. 25 lbs. \$2.20, 50 lbs. \$3.90.
